## Our Journeys

## Hello Travellers

We would like to welcome you to our 2026 brochure, jam-packed full of information about Go Beyond and showcasing our list of scheduled holidays for the year ahead featuring many photos of our wonderful guests.

Every year we think it will be difficult to top the previous one but again, 2025 far exceeded our own high expectations as to what we could achieve. Our aim is simple; to offer a wide selection of holidays and activities, allowing as many people the opportunity to travel with us as possible. We just love visiting new countries and 2025 saw us explore seven brand-new destinations on our advertised holidays and we have surpassed our record of guests supported for a calendar year ..... and by some distance!

Also bringing us great delight, has been the uptake for our Travel Buddy scheme. This is where individuals or groups can tell us where they wish to go, how long for and exactly what they would like to do when there. We have experienced some fabulous trips this year, including visiting the tulip fields whilst in Amsterdam, watching a Premier League football match in Liverpool and posing a question to a real life astronaut when out in Florida. Amazing! With this growth, we have needed to expand our team of support workers. We are committed in ensuring that all our team carry the same values that we have built our reputation on; dedicated professionalism whilst ensuring inclusivity for all and a having a penchant for fun!

We also continue to tackle our carbon footprint through a sustainability project with the Parc du Verdon, in Provence, France. Through a fruit tree planting scheme, we aim to offset our footprint and reduce our emissions that contribute to climate change. This new initiative started in 2025 with positive results and is one we'll definitely be continuing with moving forwards.

As for the holidays themselves, well, we will leave it up to you to browse through them at your leisure. We sincerely hope you like what you see and maybe we'll be seeing you on one of these trips or on a Travel Buddy scheme in 2026.

With love

The Go Beyond Team x

Football has become a cultural mainstay in our lives. From the global appeal of the Premier League to the upsurge in popularity of women's football, it appears we cannot get enough of the beautiful game. No country does football better than our Spanish neighbours, boasting two of the greatest clubs to ever grace a pitch – Barcelona and Real Madrid. # The Azores

Luxury and Intrigue on quiet Atlantic Island

17th - 24th March

Composed of nine volcanic islands, the Azores are located in the mid-north Atlantic, which gives this archipelago its all year round mild climate. So, a spring visit could be just what you need to refresh yourself in this peaceful and beautiful island retreat. We will be staying on the main island of São Miguel, near the capital Ponta Delgada in a tranquil spa hotel, Senhora da Rosa. A restored old farmhouse, the hotel is perfectly nestled between the mountains and the sea, with its style that strikes a perfect balance between tradition, nature and elegance. Facilities include an indoor pool built in the old pineapple house, a spa and sauna, plush gardens and bedrooms decorated with modern, traditional furniture and decor. We will be catered for by the hotel's restaurant, which caters for all dietary requirements including vegan and gluten free. We will spend time on the island by visiting one of its highlights, Sete Cidades, an ancient volcano crater that is now home to a set of magnificent blue lakes. We will also join a boat trip to observe the spectacular marine life, dolphins and sperm whales as well as many birds. Although the capital Ponta Delgado, is the largest city on the island, it still has that small town feel with its ornate and impressive architecture. We'll spend time exploring this beautiful city which boasts an array of shops, cafés as well as museums and old world churches. Added to this we'll be taking a swim in the natural hot springs of Caldeira Velha and visit the only tea plantation in Europe, The Gorreana Tea Factory.

## Mamma Mia - Here we 'Go Beyond' Again, Again!

### Go Beyond's ABBA Extravaganza returns!

**12th - 19th May**

After the phenomenal interest for our first ABBA themed voyage to Greece in 2025, what else could we do but bring it back for 2026! The 2008 hit musical film, set on a Greek island to the music of Abba, was a box office smash and after listening to our guests, we included a trip to the islands where much of the film was set. We've never had so much interest in one holiday before, selling out quicker than any trip previously. We called it 'Mamma Mia - Here We Go Beyond Again' so this year we thought, why not Go Beyond Again ..... AGAIN! This 'Super Trouper' holiday will be split into three parts. To start, we'll be up in the Greek mountains in Chania Pelion, where our hotel is based, The Manthos Mountain Resort and Spa. This luxurious hotel will give us the space we need to practise our ABBA moves because, with help from a professional dance teacher, we will actually be singing and recreating scenes from the famous film! In between rehearsals, we'll be making the most of the great facilities on offer and just be relaxing around the hotel spa and pools in the Greek sunshine. Bliss! The middle part of the holiday will take us by ferry to Skolopos, the island where many of the well-known scenes from the film took place. There, we will be taken on a Mamma Mia guided tour of the island and visiting locations so adored by ABBA fans. Then, we've an overnight stay at the Regina Hotel on the island and wake up to the glittering spectacle of the Aegean Sea. Wow! The final two days will be spent dancing out more Mamma Mia favourites with a visit to Damouchari Beach. Here, is where one of the film's most iconic scenes was set to the song 'Dancing Queen', where Donna (played by Meryl Streep), and her friends end their dance through the village streets by jumping into the water from a wooden jetty. Amazing! So, why not join us on this ABBA extravaganza that we're sure will bring out the 'Dancing Queen' in all of us!

You will find Estonia at the far easterly end of the Baltic Sea, to the north, Finland, and to the south, the remaining Baltic countries of Latvia and Lithuania. We invite you to join us on this nine-day journey where we will split our time equally between Estonia's capital Tallin and further south in the heart of Soomaa National Park.

In Tallinn, we will be based in the 150 year old, renovated Von Stackelberg hotel. The hotel oozes style and culture overlooking Tallin's Old Town. Here, we will be shown around the Old Town and visit Tallin's famous TV tower providing us with panoramic views of our beautiful surroundings. # Northern Irish Stories

## Go Beyond's Titanic Irish Adventure

15th - 22nd June

Every place has a story, Northern Ireland has many. This trip will immerse you in stories of old, modern and ancient cultures as we invite you to come with us and delve deep to discover them for yourselves, whilst creating your own stories and memories along the way. From the phenomenon of Game of Thrones, a power struggle story between noble families, to the famous Titanic, a watery tale that still captivates people today. Also, no visit to Northern Ireland would be complete without witnessing the deep time story that is the magnificent Giant's Causeway. Based on the north coast of Northern Ireland at The Downhill Beach House, an hour's drive from Belfast, our itinerary will include a 'Game of Thrones Iron Islands' tour during which we'll be taking in some of the locations where the series was shot, as well as Mussenden Temple, another location from the acclaimed TV series. Indeed, to really understand the history of the attractions we'll be visiting, we will be utilising the expert knowledge of tour guides on many of our days out, when we visit the 'Titanic Belfast' museum where we will hear the story of Titanic from her conception, through her construction and launch, to her maiden voyage and subsequent place in history. Likewise in Derry, the area synonymous with the Northern Island conflict that dominated our news for some thirty years at the end of the last century. The Museum of Free Derry which explains the very beginning of the troubles between 1968 and 1972, we too will be guided around whilst exploring this fascinating city.

# Brittany Adventure

Go Beyond's Escapade keeps getting better!

**7th – 14th August 2026**

After the huge success of our first summer in north-west France in 2025, we are delighted to announce that we will be returning to Brittany for more sunshine and fun. We will again be based in the small, beautiful central village of Mellionnec, where we'll be staying in a large gite named A La Belle Etoile (Under the Stars). The gite which was renovated in 2022 was formerly an old presbytery but is now a modern, spacious auberge, situated in this small, alternative and progressive community. Given the beautiful surroundings we'll find ourselves in, we'll be out and about aplenty, with this holiday jam-packed with activities! We've designed an itinerary which allows us to witness the lovely, green summer landscape of Brittany in a variety of ways. We will be kayaking on the nearby Lake Guerlédan, and seeing as this is an adventure holiday, how about a spot of climbing? We'll be strapping ourselves in for some wall climbing as well as visiting the nearby 'Go Ape' outdoor activity centre which were both huge hits last year. Another highlight was the archery afternoon, and once again we'll be getting expert training and taking aim at this superb facility. After listening to our guests' suggestions, new for 2026, we'll be saddling up and enjoying a spot of horse riding. We have secured a wonderful experience at near by Saint-Brieuc, which we just know everyone will love.

True adventure awaits you on this fantastic Go Beyond holiday!

# Culture of Brittany

## Go Beyond Breathes in the Breton Culture

**15th – 22nd August**

One of our most popular holidays in 2025 was this lovely week in Brittany where we took a relaxing look around our stunning surroundings and embraced the more cultural side this region has to offer. Therefore, we're again offering a similar experience, albeit with a slight change to some of the activities. Again, we'll be based in the small, beautiful central village of Mellionnec, where we'll be staying in a large gite named A La Belle Etoile (Under the Stars). Well, we'll be diving into Breton culture with a day out at La Vallée des Saints (The Valley Of The Saints). This historic site is a land of legends and the birthplace of incredible giant sculptures - nearly 200 of them - each with their own fascinating story to tell. We'll also be heading to the banks of the Nantes-Brest canal which boasts the striking Bon-Repos Abbey. A guided tour will tell its story as its marvellous history is unveiled. Whilst there, we'll also take a leisurely tourist train ride along the recently rebuilt section of the Breton network. Lovely! Not to be missed, is the weird and wonderful world of Univers du Poète Ferrailleur (The Universe of a Poet's Junkyard), which was a huge hit with our guests in 2025. This fascinating place, unlike anywhere else, features a series of automatons made from old household materials that can be activated by a series of buttons and levers. Finally, we will be taking a short drive to a refuge for French wolves, a unique sanctuary that cares for these stunning animals. We cannot wait to welcome you on this cultural journey and we're sure the places explored will remain with you for a long time to come!

# Norway Northern Lights

## Come and See the Green Lights of the North

**22nd - 29th October**

There are many ancient myths that surround the Aurora Borealis or the 'Northern Lights'. Some say that the displays are of dragons fighting in the sky, others say that if you give birth under the beautiful night displays then the birth experience will be pain free and, in Greenland, the mystics believed that the mysterious green lights were a ball game between people using a walrus skull as a ball. The Northern Lights can inspire us in so many ways and we invite you to form your own interpretation by joining us in Tromsø, Norway. We will be staying in a cosy, seven bedroom house, just south of Tromsø on a fjord known as Ramfjord. Just thirty minutes from the island of Tromsø, nestled on the shores, we can enjoy the island known as the 'Capital of the Northern lights'. By day, it is a refuge of tranquillity packed with wildlife where we'll be looking out for white-tailed eagle, porpoise, orcas and sea otter. But of course, it's the evening where true wonder occurs and from our house we will have the perfect vantage point to watch the skies for those magical lights. Our itinerary will include a visit to The Sami people, where we will learn about their culture, help to feed their flocks of reindeer and sit alongside them in their huts whilst eating a Sami traditional lunch around a cosy fire. We will also be taking a trip from Tromsø on a small boat, down the fjord with our friends at Polar Adventures, a five-hour trip to enjoy, not least because it includes lunch with fresh fish ..... caught by us! Our friend Daniel, from Flexitours, will give us a guided tour of Kvaløya, (which means Whale Island), including stunning deserted sandy beaches. We will take the time to stroll around the cosy town of Tromsø, visiting its cafes, shops and churches, all of which are surrounded by snow-covered Norwegian mountains. Why not come and join us on a trip that will stay with you for an eternity!

## Offsetting our Carbon Footprint

Go Beyond Holidays has been taking action to tackle the carbon footprint that we are responsible for each year. In early 2024, we met up with Lea Jacquot-Benson from Positively Touristing, who helps organisations within the tourist industry to calculate and offset their carbon emissions. We have been working with Lea who has set down some guidelines for us to follow. Lea's plan has enabled us to calculate our carbon footprint for 2025 and also to plan how much money we need to raise to donate to projects that are involved with Carbon Offsetting.

## Local Fruit Tree Project

As recommended by Positively Touristing, we have chosen a local partner, close to where Go Beyond directors, Anna and Ian live, in France. We will be working with the Parc Natural Régional du Verdon who have an existing project in place which preserves old varieties of fruits typical of the Verdon region (apples, pears, plums and figs), that make up an important part of the local heritage and biodiversity. The money donated by Go Beyond will help the park to propagate and distribute these traditional varieties by offering trees to local residents of the Verdon region who can plant them in their gardens and help to preserve them. This way, we will be able to visit and see for ourselves the progress that is made and, eventually, we hope to become involved with helping to plant fruit trees.

## How will we raise the funds?

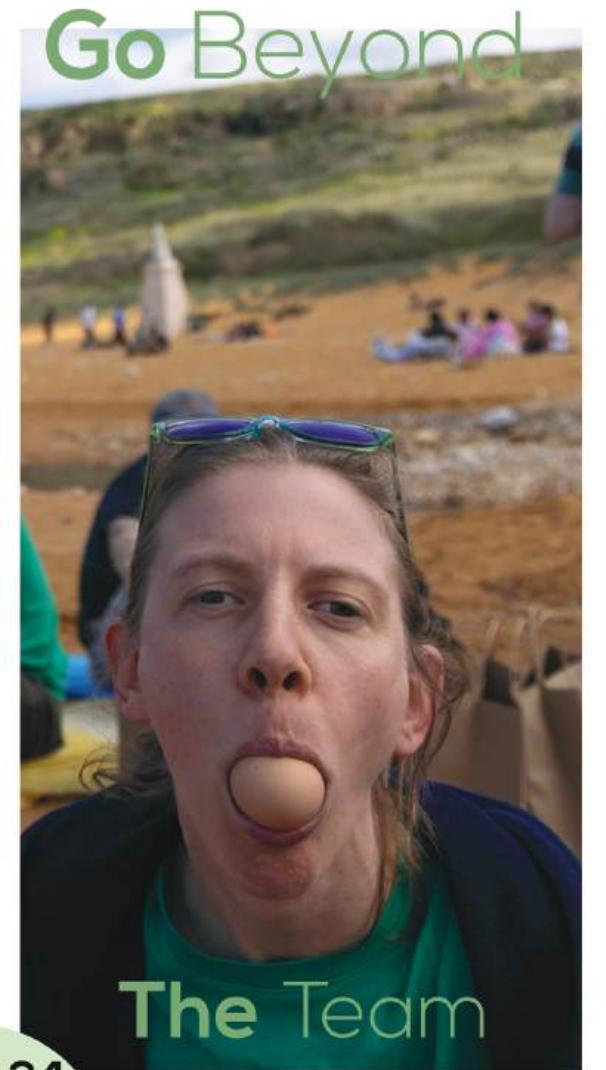

The money you pay for your holiday will include a small amount that we will donate to the Parc Natural Régional de Verdon. Go Beyond will also contribute 50% towards monies raised by funds generated from guests. The money collected in 2026 from the holidays you book, will be used to plant trees in the spring of 2027. I hope you agree with us, that this is a small price to pay for our carbon emissions that are harmful to the environment that act as an accelerator to climate change. Together we can do our part.

'Just wanted to say thanks ever so much for organising Charlotte's Barcelona holiday. She had a wonderful time and anyone and everyone is still being told about it ... for the umpteenth time. Su was the ideal buddy and made the trip so much more special. I'm sure you would also be pleased to hear - Charlotte has organised to see some friends that she has met on previous Go Beyond Holidays. Go Beyond has really gone beyond our wildest dreams about what we expected - for Charlotte to have got such a wide circle of new friends from just two holidays is just amazing! Thank you.' **Parent of a guest**

'Chris had a really good time. He said the level of support you gave was exactly what he needed, it wasn't too much, it wasn't overbearing, but you were there when he needed it. Thank you so much for this kind of holiday, these brilliant experiences people can have with you, really good quality holidays and support. I wanted to say a huge thank you, I loved seeing all the pictures, it was really emotional seeing him swim on the summer solstice in Norway.' **Sister of a guest**

So a Big Thank you to you and your team for arranging this holiday and giving such great support. Jimmy is already talking about his next adventure with you.' **Parent of a guest**
